

RENEWAL OF UNEMPLOYMENT INSURANCE BOOKS

To all Employers:
The 1942-43 Unemployment Insurance Books expire on March 31st.

New Insurance Books for the fiscal year 1943-44 will be exchanged by the Local Employment and Selective Service Office in your area for expired Insurance Books.

Do not send in your Insurance Books without completing forms enclosed with circular letter 625.

If you have not received this circular letter, get in touch with your nearest Employment and Selective Service Office.

Where it is necessary to quote the Employer's Insurance Number, use the number with the prefix letter shown on the front cover of the book, example F-4017, E-2434. Do not quote the book serial number printed on the inside pages of the book.

Protect the benefit rights of your employees by following closely the procedure outlined in the circular letter, and prevent delays by acting now.

as allowances for children, funeral benefits, etc., come up for consideration by the legislators, but it is safe to assume that opposition will develop from some interested quarters, whose prospects stand to be profoundly affected by their enactment into law.

Local and District

Henry Moore spent the week end in Hanna, in order to take medical treatment there.

Mr. and Mrs. Willis Tario were visiting in Drumheller during the week end.

Four truck loads of fat cattle, making up a car load, were shipped of A. K. McDonald, were property from Delia on Tuesday.

The Junior Red Cross will be calling at your home, in their effort to gather reusable material for the armed forces.

PO David Galt, R.C.A.F., is spending the night at the home of his parents, Mr. and Mrs. R. B. Galt.

Ivan Long, Bob Gibson, and Joe Meyers visited Calgary over the week end, taking in the first game of the inter-provincial Allan Cup hockey matches.

Robt. Stoenes, R.C.A.F., was home on week end leave. Due to bus service being temporarily disrupted on Monday evening, Bob had to apply for extension.

Don't forget the annual Easter Tea sponsored by the Delia Catholic ladies, to be held at the Queen's Hotel on Saturday, 24th April.

W. D. Fitzsimmons, John Batt, and J. Olsen paid a visit to A. K. McDonald at his farm home on Sunday last. "Sandy," who has been under the weather for some time, expects to be up and about when warm weather arrives.

At long last, March 21, official date for the beginning of spring, brought to an end the severe weather of the past seven weeks. By Monday, water was running freely down ditches and, indeed, in lots of places where it was not so convenient. Huge drifts began to settle markedly and there is a distinct feeling of spring in the air.

Hugh Boyd
CNC Farm Broadcast Committee for the Prairie Region, who recently returned to Winnipeg from a tour of Western cities, where he made special arrangements, in co-operation with Western Poultry Association, in connection with the recently concluded CNE series, "More Eggs for Britain." Mr. Boyd's Daily Farm Broadcasts began at 1:30 p.m. CDT, 15.0 p.m. MDT, are carried on Station CBR, Winnipeg.

Women's Missionary Society

The March meeting of the W.M.S. was held on the 19th—Mrs. H. H. H. was the president, in the chair. Mrs. Reid was in charge of the Devotional, while Mrs. Stewart also conducted the Study Period. Instead of the usual series of "uses" held in former years, it was decided to hold a sale of home cooking at some future date.

A very pleasant ceremony took place at the previous meeting in February, when Mrs. H. H. H. was presented with a Life Membership, in recognition of her many years of service to the society. The presentation was made by Mrs. P. Thompson, to which Mrs. H. H. H. replied in well chosen words.

"Time Bombs"

The thing you fear without being paid makes the difference between pelicide and slacker. Banned repaid in well chosen words.

Women can work their husbands, work or them, or work them. Which do you do?

Old and infirm are twins. Hate age comes through loss of interest soon than loss of youth.

Tomorrow's News

News is pretty much the same thing inspiring every day of the present. News of a new world would be daily change taking place in the same people.

NATIONAL WAR DRIVE

CANADIAN RED CROSS

Seven of the eighteen canvassers working on behalf of the Canadian Red Cross had made reports to the Secretary-Treasurer by Tuesday morning of this week. A total of only \$554.76 has so far been subscribed, which is roughly \$200.00 short of the quota asked from this district. The bean supper, which was to have been given by Miss D. Van Haaren on behalf of the Red Cross at the Queen's Hotel, has been postponed one week and will take place on Saturday, April 3rd.

Card of Thanks

Mrs. Roy Oakes (Mrs. Margaret Wilson), of West Waukegan, B.C., wishes to thank Mrs. Mary Macdonald for the handsome gift which she received from the community.

CANADA NEEDS 40 MILLION POUNDS OF FAT

HERE IS YOUR SECRET WEAPON

Save Fats and Bones

AND HELP SMASH THE AXIS!

The next time you are frying or roasting something, but imagine the fat and bones that will give you a good fat but fat right down the back of your neck and into your bones.

You save even better than that. Fat makes glycerine, and glycerine makes soap. Soap destroys the germs and bacteria that destroy your health and make you sick.

Every spoonful of dripping, every ounce of scrap fat, and every bone cooked, uncooked or dry, must be saved. Save all drippings through an ordinary strainer into a clean wide-mouthed can. When you have collected a pound or more of fat drippings take it to your nearest dealer who will pay you the established price for the dripping and the scrap fat. Or you can dispose of them through any Municipal or Railway Committee collection system in effect in your community.

You can be a munition maker right in your own kitchen. So every day, this easy way, keep working for Victory by saving every drop of fat dripping, every piece of scrap fat, and every bone.

This campaign is for the duration.

DEPARTMENT OF NATIONAL WAR SERVICES

NATIONAL SALVAGE DIVISION

Methods For Seeding Crested Wheatgrass

Selection from the sun. This can best be obtained from grain stored in a clean annual weed growth. Therefore, seed the grass directly into the grain stubble or a field of annual weeds. If new weeds grow with the grass, clip the weeds to prevent them from going to seed, but leave them about high to protect the seedlings from the frost. The seedlings of the grass seedlings. The seedlings can be removed from the field in the following spring by harrowing or raking. Eventually the crested wheatgrass will crowd out all the weeds.

Crested wheatgrass should be drilled into the soil, as the seed needs a light covering of soil to ensure germination. It is important, however, that the seed not be placed more than half an inch deep, as the minute grass seedlings are not capable of breaking through a heavy layer of soil. It may be necessary, therefore, when seeding with a grain drill to use a special attachment in order to avoid over deep seeding.

The rate of seeding has a pronounced effect on the amount and level of forage produced. The seedlings of crested wheatgrass in rows 12 to 18 inches apart produce maximum yields of hay. Heavier seedings, in solid stands, produce a denser type of forage, especially desirable for pasture, but the yield is considerably less. For general purposes the best rate of seeding is 5 pounds to the acre, in rows 12 inches apart.

Canada is planning to receive farm labor shortage by using Italian war prisoners and Canadian troops Japanese.

WAR HUNTER

1943 MODEL

YOU HEAR IT at all hours... that low-drawn cry of the locomotive whistle. It's the war whoop of the railways.

It may be a troop train speeding to keep a date with a convoy... it may be a long freight loaded with tanks, guns and other materials of war, many of them built by the railways themselves... it may be another week's supply of raw materials to keep a war plant in production, or food, fuel and other essentials for the home front.

It is the proud war whoop of Canada's greatest war industry—the railways, which are serving the nation as effectively in war as in peace. Only the railways can furnish mass transportation on such a scale.

Your railways were ready... ready as we are that Canada could strike with all her might. They will be ready in peace again to serve a greater Canada... rolling ever forward on high ways of steel.

IF POSSIBLE AVOID TRAVEL OVER WEEK ENDS AND HOLIDAYS

CANADIAN RAILWAY FREIGHT RATES ARE THE LOWEST IN THE WORLD
